

Charter of the Office of Audit and Investigations

1. Preamble

1.1. This Charter sets out the purpose, authority, and responsibility of the Internal Audit and Investigations Group (“IAIG”) in line with UNOPS’ Financial Regulations and Rules and the accountability system of UNOPS.

1.2. According to Financial Regulations 6.01 and 6.02, IAIG shall be responsible for all internal audits and investigations of UNOPS. These include investigations into allegations of fraud, corruption, mismanagement of resources, abuse of authority and other forms of misconduct and violations of UNOPS Legislative Framework, as defined in EOD.ED.2022.01 of 17 August 2022, by UNOPS personnel, contractors, implementing partners, and other third parties deemed detrimental to UNOPS. In addition, IAIG shall undertake proactive initiatives in high risk areas that are susceptible to wrongdoing, fraud and corruption.

2. Purpose, Mission and Independence

2.1. IAIG is a key component of UNOPS’ independent internal oversight system. Its mission is to provide UNOPS with independent and impartial assurance, advice, and investigative and consulting services through its internal audits and investigations to improve the organization’s operations. IAIG assists UNOPS in accomplishing its objectives by bringing a systematic and disciplined approach to evaluate and improve the effectiveness of the organization’s risk management, control, and governance processes. It also assists in protecting the organization’s integrity and reputation as well as promoting accountability, integrity, and ethical behaviour in achieving UNOPS’ goals and objectives.

2.2. IAIG has operational independence in the performance of its oversight functions. It has the independent authority to initiate and carry out its activities with respect to any matter that it considers necessary to fulfil its responsibilities, as well as to report to the Executive Director and/or the Executive Board on any matter it deems relevant. It exercises independent judgement in the selection, scope, procedures, frequency, and timing of its activities, and in its communication of the results.

2.3. IAIG shall be free from interference in determining the scope of its audits and investigations, performing its work, and communicating results.

2.4. IAIG’s independent activities cover all of UNOPS activities, including all programmes, operations, and activities undertaken by UNOPS at its headquarters and its regional offices (including all systems and processes) and activities undertaken by UNOPS and its personnel, its institutional contractors, implementing third parties and other third parties, in any location.

2.5. IAIG may independently initiate and participate in audits and investigations of United Nations inter-agency activities in coordination with other oversight entities of the United Nations.

3. Responsibilities

- (d) Safeguarding of assets;
- (e) Compliance with applicable regulations, rules, policies, procedures, and contracts.

IAIG internal audit activity adds value to the organization and its stakeholders by providing objective and relevant assurance and advice, and by contributing to the effectiveness and efficiency of governance, risk management, and control processes using a systematic, disciplined and risk-based approach.

3.3. IAIG adheres to the single audit principle adopted by United Nations system organizations, which gives the United Nations Board of Auditors the exclusive right to audit the accounts and statements of the United Nations. IAIG will be consulted if any exceptions to this principle are negotiated in any agreements that have the potential to impact the independence of IAIG in determining its audit subjects or allocation of resources.

3.4. The Director of IAIG will submit to the Executive Director at least annually an internal audit plan for approval after review by the Audit Advisory Committee.

3.5. The internal audit plan shall be developed based on a prioritization of the audit universe using a risk-based methodology, with input of senior management, the Audit Advisory Committee, and the Executive Board. The approval requirement shall not prevent the Director of IAIG from auditing any other area within the purview of its mandate, as deemed necessary.

3.6. The Director of IAIG shall be responsible for implementing the approved plan and keeping the Audit Advisory Committee informed about IAIG's activities and performance, as required. The information provided shall include details of progress made in the implementation of the plan, scope limitations if any, and action taken by management on the implementation of audit recommendations.

IAIG may, if appropriate, refer allegations involving non-UNOPS personnel to the investigative functions of such third parties, including the national authorities. If it is determined the third party does not have the internal capacity or resources to properly undertake this work, the third party may engage qualified external investigative entities to perform the investigations or IAIG may directly undertake the work.

3.11. In addition, IAIG may undertake proactive investigations in areas of UNOPS operations that are susceptible to fraud, corruption, and other wrongdoing.

3.12. IAIG will maintain secure and confidential reporting facilities that are available to all personnel, third parties, and the public at large to report fraud, corruption, or other wrongdoing, including anonymously, at any time and from any location.
