Annex I - Definitions

Standard audit ratings for overall performance of internal control system

The harmonized rating system being applied by the internal audit services of UNICEF, UNFPA, WFP, UNDP and UNOPS effective 1 January 2010 is based on the following principles:

There are three categories:

(a) satisfactory,
(b) partially satisfactory, and
(c) unsatisfactory.

The elements of the rating system take into account the audited office’s internal control system, risk management practices, and their impact on the achievement of office objectives.

The definitions of the ratings are, as follows:

<table>
<thead>
<tr>
<th>Standard rating</th>
<th>Definition</th>
</tr>
</thead>
<tbody>
<tr>
<td>Satisfactory</td>
<td>Internal controls, governance and risk management processes were adequately established and functioning well. No issues were identified that would significantly affect the achievement of the objectives of the audited party.</td>
</tr>
<tr>
<td>Partially satisfactory</td>
<td>Internal controls, governance and risk management processes were generally established and functioning, but needed improvement. One or several issues were identified that may negatively affect the achievement of the objectives of the audited entity.</td>
</tr>
<tr>
<td>Unsatisfactory</td>
<td>Internal controls, governance and risk management processes were either not established or not functioning well. The issues identified were such that the overall objectives of the audited entity could be seriously compromised.</td>
</tr>
</tbody>
</table>
