In cases where he/she so decides, the reasons for such decision shall be recorded;

invitations to bid, or requests for proposals on the basis of advertisements or direct solicitation of invited contractors. Requests for quotations are not deemed to be a formal method of solicitation;

(b) The award of a contract shall be made after due consideration has been given to the general principles described in Regulation 18.02 and in accordance with the following:

(i) When a formal invitation to bid has been issued, the contract shall be awarded to the best qualified contractor whose bid substantially conforms to the requirements set forth in the solicitation documents and offers the lowest cost to UNOPS, provided that, if the best interests of UNOPS and its clients so require, any and all bids may be rejected, in which case the reasons for rejection may be recorded in writing; and

(ii) When a formal request for proposals has been issued, the contract shall be awarded to the qualified contractor whose proposal is considered to be the best value (technical and financial) and the most responsive to the needs of UNOPS and its clients;

(c) In the event that the Executive Chief Procurement Officer decides, in the best interests of UNOPS, to reject bids or proposals for a particular procurement activity, he/she shall then determine whether to undertake a new solicitation, or to negotiate a contract directly pursuant to Rule 118.05, or to terminate or suspend the procurement activity.

Rule 118.05

Award of procurement contracts on the basis of exceptions to the use of formal methods of solicitation

(a) The Executive Chief Procurement Officer or authorized personnel may determine, for a particular procurement activity, that using formal methods of solicitation is not in the best interests of UNOPS and its clients when:

(i) The value of the procurement is below a specified monetary threshold established for formal methods of solicitation;

(ii) There is no competitive marketplace for the requirement, such as where a monopoly exists; where prices are fixed by legislation or government regulation; or where the requirement involves a proprietary product or service;

(iii) There has been a previous determination with regard to an identical procurement activity, or there is a need to standardize the requirement following recent procurement activity;

(iv) The proposed procurement contract is the result of cooperation with other organizations of the United Nations system, pursuant to Rule 118.02 (c) or governments and organizations other than those of the United Nations system, pursuant to Rule 118.02 (d);

(v) Offers for identical requirements have been obtained competitively within a reasonable period and the prices and conditions offered by the proposed contractor remain competitive;

- (vi) A formal solicitation has not produced satisfactory results within a reasonable prior period;
 - (vii) The proposed procurement contract is for the purchase or lease of real property;
 - (viii) There is a genuine exigency for the requirement;
 - (ix) The proposed procurement contract relates to obtaining services that cannot be evaluated objectively; and
 - (x) The Executive Chief Procurement Officer or authorized personnel otherwise determine that a formal solicitation will not give satisfactory results including, but not limited to, the situations where the proposed contractor is pre-selected by the funding source pursuant to Rule 118.02 (e);
- (b) The Executive Chief Procurement Officer shall establish policies and procedures governing the selection for and award of contracts under ‘emergency procedures’;
- (c) When a decision is made pursuant to Rule 118.05 (a), the Executive Chief Procurement Officer or authorized personnel may record the reasons in writing and may then award a procurement contract, either on the basis of an informal method of solicitation or on the basis of a directly negotiated contract, to a qualified contractor whose offer substantially complies with the requirements at an acceptable price.

Rule 118.06

Written procurement contracts shall be used to formalize every procurement activity with a monetary value exceeding specific thresholds established by the Executive Chief Procurement Officer. Such arrangements shall, as appropriate, specify in detail:

- (e) Conditions to be fulfilled, including UNOPS general conditions of contract and implications of non-delivery;
- (f) The terms and place of delivery, payment and the currency of payment;
- (g) The procedure for the settlement of disputes; and
- (h) The name and address of the contractor.

Pursuant to Rule 105.04, the requirement for written procurement contracts shall not be interpreted to restrict the use of any electronic means of data exchange.

Rule 118.07

The Executive Chief Procurement Officer may authorize the establishment of long-term agreements with contractors. The availability of a long-term agreement, established following review by the contracts and property committee(s), shall obviate the need for subsequent review by such committee(s) of future orders made under the long-term agreement.

Rule 118.08

The Executive Director shall establish requirements for preparing and maintaining procurement plans that facilitate the effective and efficient purchase, delivery and final disposition of property, plant and equipment, goods, works and services. Procurement plans shall include an indication of the goods, works and services required for a project, the time of delivery, and the expected final disposition. Procurement plans, as well as specific solicitations to submit bids or proposals, shall be made generally available to the public through appropriate means of disclosure.

Regulation 18.04

Subject to adherence by UNOPS to the general principles set out in Regulation 18.02, the Executive Director may agree to apply the regulations, rules, policies and procedures on procurement of any client or such other entities as the Executive Director may decide. In such circumstances, the UNOPS Financial Regulations and Rules relating to procurement shall be deemed to be waived.

 - (iv) No other information is available which would bar said payment.

The combined total of all ex-gratia payments made during the budget period shall not exceed one per cent of the management budget approved by the Executive Board.
- (b) In the case of an emergency situation (such as natural disaster or act of terrorism) where, at the discretion of the Executive Director, immediate ex-gratia payments are necessary, the Executive Director may make such payments in accordance with paragraph (a) above, except that such payments shall not be subject to the monetary threshold. The Executive Director shall promptly inform the Executive Board when any single emergency situation results in payments in excess of one per cent of the management budget approved by the Executive Board.

Rule 120.01

- (a) Ex-gratia payments may be made in cases where, although in the opinion of the UNOPS general/legal counsel there is no legal liability on UNOPS, the moral obligation is such as to make payment desirable in the best interests of UNOPS;
- (b) Requests for all ex-gratia payments shall require the approval of the Executive Director.
